

GRAPHIC DESIGN

GRAPHIC DESIGN

CMYK | Spot Color | Print Media | Packaging Design

Traditional graphic design is where Zawdie's work began as far back as 1993. Now, over 2 decades of experience brings the capacity to deliver clean, efficient digital designs for full color (CMYK), black & white, and spot color artwork as well as artwork suitable for most other common printing and engraving technologies.

You name it, we've designed.

With project management skills, training and resources, Zawdie can also coordinate more complex design projects, directing illustrators, photographers and other craftsmen as your project may require.

Here is a brief list of some print design projects tackled.

Examples:

NCB Corporate Communications - Newspaper, Magazine and other print Ads

Mission Catwalk

World Brands / Grace Kenedy - Glade Plugins Point of Sale Artwork

Office of the Children's Registry / Ananda Alert Artwork

Agency 27 / LIME Portmore Promotions
